FOURSOMES
FOR SOME GOOD

Vision Statement

The Foursomes for Some Good Golf Outing envisions a united community where collaboration drives opportunity, service, and lasting impact throughout the Greater Philadelphia region. This partnership among the Sultan Jihad Ahmad Community Foundation, Zeta Iota Iota Foundation, Inc., Beta Gamma Foundation, Inc., and Mu Omega Foundation of Delaware Valley, Inc. represents a shared commitment to uplifting individuals and strengthening families through purposeful outreach and engagement. Through this meaningful event, the Foursomes for Some Good Golf Outing aims to expand programs that provide scholarships, raise awareness of youth violence through education and outreach, and continue the HBCU Tour Program to inspire academic excellence and leadership. The collaboration also supports educational initiatives and after-school mentoring services for children, youth, adults, and seniors. Additionally, the vision includes serving communities through holiday distribution drives for food, clothing, and toys, along with organizing annual blood drives and other service initiatives. Together, these four foundations strive to create opportunities, empower communities, and make a positive, lasting difference—one swing, one partnership, and one life at a time.
